(These measurements are from the proposed construction to the property lines)

Iowa Law requires that anyone desiring to have digging work done, by private individual or contractor, must first call IOWA ONE CALL and have all utility lines located in the area. Anyone who hires and/or performs digging work without contacting IOWA ONE CALL first will automatically assume liability for any damages that might occur from an unauthorized dig. Contact IOWA ONE CALL by calling 1-800-292-8989. Please call before performing any work. Please check here if you have called IOWA ONE CALL. _____

Please provide a drawing of the construction project on another sheet or back of this permit.

My signature below is certification that the above information is true and accurate and that any construction work performed will not deviate from this permit.
